FORTHING ELECTRIC

SPECIFICATIONS SHEET

FORTHING ELECTRIC

FORTHING ELECTRIC

	LUXURY	EXCLUSIVE
--	--------	-----------

Dimensions

Length (mm)	4600
Width (mm)	1860
Height (mm)	1680
Wheelbase (mm)	2715
GVW (kg)	2535
Tare Weight (kg) ³	1920
Towing Capacity – Braked and Unbraked(kg)	750
Maximum Towball down weight (kg)	150

Engine

Drive	Front Wheel Drive
Motor type	Permanent magnet synchronous motor
Rated/ Maximum power (kW):	80/150
Maximum speed (rpm):	16000
Maximum torque (N.m):	340

1. Range figure is based on WLTP (Worldwide Harmonized Light Vehicle Test Procedure). Figures stated for the purposes of comparison amongst vehicles tested to the same technical procedures only. Actual real world driving results will vary depending on a combination of factors, including driving style, type of journey, vehicle configuration, battery age and condition, use of vehicle features (such as heating and air conditioning), as well as operating, environmental and climate conditions.

● = Standard

	LUXURY	EXCLUSIVE
--	--------	-----------

Battery and Range

Electric Driving range: WLTP ¹	Up to 427km
Battery type	Lithium-iron phosphate (LFP)
Battery capacity (kWh)	64.4

Charge

On-board AC charger power	11kW
On-board DC charger power	80kW
Charging interface	AC (Type 2)/DC (CCS2)
AC Charge time at 11kW (instrument power from 0% to 100%) ²	Approximately 7 hours
DC Charge time at 80kW (30 - 80%) ²	Approximately 30 mins

2. Charging times may vary based on factors including but not limited to charger type and condition, battery temperature, electricity supply, auxiliary consumables (e.g. air-conditioning) and environmental conditions.

Vehicle-to-Load (V2L)	●	●
Warranty and Roadside Assistance		
Vehicle Warranty – 7 year/200,000km (whichever occurs first) ⁵		●
Battery Warranty – 8 year/200,000km (whichever occurs first) ⁵		●
Up to 5 year Roadside Assistance (when servicing with Forthing) ⁶		●

Disclaimers:

1. Range figure is based on WLTP (Worldwide Harmonized Light Vehicle Test Procedure). Figures stated for the purposes of comparison amongst vehicles tested to the same technical procedures only. Actual real world driving results will vary depending on a combination of factors, including driving style, type of journey, vehicle configuration, battery age and condition, use of vehicle features (such as heating and air conditioning), as well as operating, environmental and climate conditions.
2. Charging times may vary based on factors including but not limited to charger type and condition, battery temperature, electricity supply, auxiliary consumables (e.g. air-conditioning) and environmental conditions.
3. Tare weight figures are based on vehicle certification. It is the driver's responsibility to ensure: weight of fully loaded vehicles do not exceed GVM; front and rear axle load limits are not individually exceeded. Payload is the combined value of occupants, luggage, cargo, added options, accessories and tow ball download (when towing). Tare weight includes the vehicle and all standard equipment excluding occupants. Additional weights of optional features, occupants, luggage, cargo, accessories and tow ball download (when towing) must be taken into account when calculating payload and tare weight. When a genuine tow bar and wiring are fitted, blind spot monitoring will be disabled.
4. Safety technologies operate within system parameters and may not operate, or may not operate optimally, under certain conditions. Safety technologies are not a substitute for the driver's control over the vehicle. The driver remains responsible for the vehicle. See owner's manual for complete details.
5. Subject to terms, conditions and exclusions at forthing.com.au
6. Upon purchasing a new Forthing vehicle, you will receive 12 months of complimentary Premium Roadside Assistance. Roadside Assistance renewal (up to a maximum of 5 years): Roadside Assistance will be extended for a further 12 months following the completion of each scheduled service at an authorised Forthing Service Centre, up to a maximum of seven years from the date the vehicle was first placed into service or first registered.
